WHAT IS COACHING? Coaching is an approach designed to cross-train and empower families and caregivers to use teaching strategies intentionally while engaging in everyday routines. Opportunities for implementation of various ways to support the child’s needs will be presented by licensed specialists in each coaching session.

COACHING: A TRANS-DISCIPLINARY APPROACH

WHO WILL WORK WITH MY CHILD?
Services are delivered by a Primary Service Provider (PSP) using coaching as a strategy for intervention. Your PSP will guide the services with the resource support of other disciplines such as early intervention specialists, physical & occupational therapy, speech/language pathology, behavior management, vision & audiology services.

HOW DO I KNOW IF THESE SERVICES ARE AVAILABLE TO MY FAMILY?
We provide early intervention (EI) services for children birth through three years old. Once children have been evaluated and determined eligible for EI Services, they are referred to our agency by the Help Me Grow (HMG) system.

HOW IS A PSP DETERMINED?
Once your family’s immediate concern is identified, a PSP is chosen to best support, guide and implement an Individualized Family Service Plan for your child.

WHEN ARE THESE SERVICES DELIVERED?
Services are delivered between the hours of 8am and 4:30pm.
- The duration and frequency of service will vary based upon family and child needs.

WHAT NEEDS MAY BE ADDRESSED?
- Motor
- Communication
- Feeding
- Sensory
- Vision
- Hearing
- Social Play
- Problem Solving

WHERE ARE MY CHILD’S NEEDS ADDRESSED?
Services are delivered within the child’s natural environment.
- Home
- Center-based classroom setting
- Community
